(1) **PURPOSE:**

The purpose of this sign section of the ordinance is to:

- (a) Protect each person's Constitutional right to freedom of speech; and
- (b) Protect the public health, safety, convenience, comfort, prosperity and general welfare.

(2) **OBJECTIVES:**

This section, 18.20A, regulates the time, place, and manner in which signs are displayed to achieve the following:

- (2) Permit signs, which do not create a potential hazard to the public safety; and
- (3) Permit commercial signs appropriate to the land use and/or zoning classification of each property within the city.

(b) **Secondary Objectives:**

- (1) To create a more aesthetically pleasing city; and
- (2) To eliminate visual clutter within the city.

Commentary: A fundamental concept to understanding this sign section 18.20A of the Zoning Ordinance is the classification of a sign into the following two broad categories: (1) permanent versus temporary; and (2) commercial versus non-commercial.

(3) **DEFINITIONS:**

(a) **Building Frontage:**

Building frontage shall mean the maximum horizontal width of the ground floor of a building that approximately parallels and faces an adjacent public right-of-way of at least fifty (50) feet in width. In the case of a building with multiple occupants, the

maximum horizontal width of the portion of the building where each occupant's main entrance is located shall be considered that occupant's separate and distinct building frontage.

In the case where the ground floor of a building is occupied by two (2) or more different tenants, the portion of the building frontage occupied by each tenant shall be considered a separate and distinct building frontage.

Corner lots and through lots shall be considered to have only one (1) distinct and separate building frontage.

(b) **Commercial Message:**

Any sign wording, logo, or other representation that, directly or indirectly, names, advertises, or calls attention to a business, product, service, or other commercial activity.

(c) **Legible:**

A message that is legible from a particular location is one that can be comprehended by a person with eyesight adequate to obtain a current Ohio driver's license standing in the public right-of-way way or other location from which legibility is to be determined. Where such facts are material, it shall be presumed that the observation takes place in daylight hours, and that the person making the observation is standing and is between five feet two inches (5'2") and six feet (6') tall.

(d) **Localized Background:**

A localized background is any distinctive material, pattern or color that provides a visual background for the sign message and that distinguishes a sign from a larger surface against which it is placed.

(e) **Sign:**

A sign shall mean any visual communication device utilizing a letter, a word, a number, a symbol, a picture, an object, color, illumination or motion, the major function of such device being to convey visual information to or attract the visual attention of:

- (1) A person within a public right-of-way; and/or
- (2) A person not on the premises on which the visual communication device is located.

The term "sign" shall specifically include the following:

- (1) Any localized background which is a part of or is placed in conjunction with a sign for the purpose of improving the visibility of the sign; and,
- (2) Any artificial illumination device whose major function is to provide illumination of the visual information

conveyed by a sign.

The following are types of signs:

(1) **Ground Signs:**

A ground sign is a sign not attached to a building.

(2) **Projecting Sign:**

A projecting sign is a sign supported by a building wall or column and extending a distance exceeding twelve (12) inches from the wall.

(3) **Roof Sign:**

A sign mounted vertically on a pitched roof which overhangs a wall at ground level.

A wall sign is a sign which is located on or formed by the surface of the wall of a building. A mansard roof facade on a building shall be considered part of the wall.

Any sign not attached to the ground or other permanent structure or a sign to be transported, including, but not limited to, signs designed to be transported by means of wheels; balloons used as signs, and signs attached to or painted on vehicles parked and visible from the public right-of-way, unless said vehicle is used in the normal day-to-day operations of the business. This definition does not include "sandwich board" signs.

(f) **Sign Area:**

The sign area shall mean the total area in square feet of all the visible information-conveying surface area(s) of a sign including all localized backgrounds, but excluding all materials not conveying significant visual information and whose major function is providing structural support for the sign. An irregular shaped sign surface area shall be measured by calculating the surface area of a simple plane or solid geometric shape, which approximates the size and shape of the sign surface area. The area of individual elements of a sign placed against a non-localized background such as letters placed against a wall, shall be measured by calculating the area of the smallest single rectangle which would completely enclose all elements of the sign.

(g) **Sign-Height:**

Sign height shall mean the maximum vertical height in feet that the highest part of a ground sign extends above the surface of the ground underneath the sign.

(h) **Sign - Permanent:**

A permanent sign is a sign permitted by this Ordinance to be located on a premises which is permanently anchored for an unlimited period of time.

### **Section 1.2**

### **Overview of the City of Bellbrook**

The City of Bellbrook was settled in 1816 and named for one of its founders, Stephen Bell, who helped form part of what is now the downtown area. The second part of the City's name refers to the many local waterways including the Little Sugarcreek, Sugarcreek and Little Miami River.

The legislative and policy-making body of the City is comprised of a Mayor and six Council members elected at large on a non-partisan basis. The Council hires a professional City Manager who operates the city on a day-to-day basis. The Department Directors (Police Chief, Fire Chief and Service Director) work under the leadership of the City Manager.

The City policy is that there shall be no discrimination on the basis of race, color, religion, sex, national origin, age, ancestry, disability, genetic information, military status, or other protected group status with regard to employment, job assignment, promotion or other terms or conditions of employment. Any employee who in good faith brings a complaint of discrimination will not be adversely affected with respect to the terms or conditions of his/her employment because of having made such a complaint. Any employee who is deemed to have retaliated against an individual for bringing a complaint of discrimination will be subject to discipline, up to and including termination.

If the employee's supervisor is the source of the alleged discrimination, the complaint may be filed with the City Manager or his/her designee. The City will provide a qualified individual with a disability a reasonable accommodation, as required by law, except where such accommodation would create an undue hardship on the City.
- B. Although the City may make pre-employment inquiries into the ability of an applicant to perform job-related functions, and may ask the applicant to demonstrate how, with or without reasonable accommodation, the applicant will be able to perform job-related functions, the City will not require a medical examination (as defined under the ADA) until after extending a conditional offer of employment. - B. An employee may wish to take college level courses of study on his or own time. If such courses are job-oriented, the employee may be eligible for reimbursement.
  1. To be considered for reimbursement of college courses, employees will be required to submit an Education Plan on an annual basis to be approved by the Department Director and the City Manager. The Education Plan will outline courses to be taken and estimated costs and is to be submitted prior to enrolling.
  2. Employee must also sign a "Memorandum of Understanding" in relation to the expectations of reimbursement should an employee separate employment prior to completing 24 months of employment after completion of college courses.
  3. An employee following an approved Education Plan will be reimbursed for class registration fees not to exceed the annual limit set by the City Manager. Approval for reimbursement will be subject to budget constraints in each fiscal year and determined by the City Manager. Reimbursement will be made only upon submission and approval of a "Tuition Reimbursement" and required presentation by the employee of a receipt or cancelled check verifying payment and a certificate verifying the receipt of a grade of C or higher in an undergraduate course or a grade of B or

higher in a graduate course. The course must be taken for credit and a grade if the employee is to be eligible for reimbursement.

- a. As outlined in the Memorandum of Understanding, should the Employee leave employment with the City, either by the Employee's decision or the decision of the City once the City expends money for training, prior to completing twenty-four (24) months of employment with the City from the date of completion of the Employee's training or education for which the City has paid, the employee shall be required to reimburse the City for those expenses based on the length of employment outlined below:

## **Section 2.11**

## **Discipline**

- A. Discipline Defined. Discipline is the application of a method, through a system of rules, to ensure orderly conduct of an employee. It involves training and counseling to improve performance and penalties to correct behavior. Disciplinary penalties must be clear and consistent in their application. Disciplinary action should be taken as soon as the facts are known and a fair judgment can be made. The following procedures pertain to non-exempt employees only. Discipline for exempt employees shall be set by the City Manager based upon the circumstances of each individual case.
- B. Progression of Corrective Action. The progression of corrective action in instances where an employee violates any rule or regulation and requires disciplinary action is as follows:
  1. Oral reprimand;
  2. Written reprimand;
  3. Suspension with pay;

## City of Bellbrook Personnel Policy Manual

4. Suspension without pay;
5. Discharge.

Discipline shall be commensurate with the offense.

- C. The City Manager may reduce, suspend, or remove any person under his jurisdiction for incompetency, inefficiency, immoral conduct, dishonesty, conviction of a felony, drunkenness, insubordination, discourteous treatment of the public, neglect of duty, conviction of a misdemeanor involving moral turpitude, insanity, abuse of authority, repeated failure to meet personal financial obligation, or for any other just and reasonable cause.
- D. A probationary employee may be discharged at any time within the probationary period. The progressive disciplinary steps do not have to be followed in the case of a probationary employee. Probationary employees should be given a fair opportunity to succeed. It is equally important that departments release probationary employees who fail to meet standards of performance and conduct.
- E. When an employee is to be disciplined, the City Manager or designee shall have the charges against the employee reduced to writing and served on the employee. For instances of misconduct which may result in suspension or discharge, a pre-disciplinary conference with the City Manager or designee shall be held on a date and time no sooner than 24 hours after the charges have been served on the employee.

The employee shall have the right to be represented at the pre-disciplinary conference and the representative shall have the right to attend the conference. The employee shall have the right to respond, have a representative respond on their behalf, or waive the right to a pre-disciplinary conference. During the pre-disciplinary conference, the employee and/or employee's representative will have no right to call or cross-examine witnesses. The pre-disciplinary conference is simply an opportunity for the employee to respond to the allegations.

The City Manager or designee shall hear the evidence in support of the charges and the evidence in defense of the charges and shall endeavor to ascertain the truth of the charges in order to render a fair and just decision based on the evidence submitted at the pre-disciplinary conference. The City Manager shall render his/her decision within three workdays after the day of the conference.

- F. In case of a removal, reduction, or suspension of more than 24 hours, employees exempt from overtime pursuant to the Fair Labor Standards Act (FLSA) or more than 40 hours, employees non-exempt from overtime pursuant to the FLSA, the City Manager shall serve on the employee, personally or by certified mail, at the last known address of such employee, a written statement concisely setting forth the reasons for which the employee is removed, reduced, or suspended and the duration of any such suspension. The employee may appeal to the City within 10 workdays from the date such written statement is served upon them so long as a right to appeal exists pursuant to Ohio Revised Code, Section 124.34.

When notified of an employee's appeal, the City Manager shall transmit to the Personnel Board a copy of the written statement sent to such employee, together with a statement of the time and manner of service thereof. The Personnel Board shall hear such appeal within 30 days from the filing of the same with the City and may affirm, disaffirm, or modify the judgment of the City Manager issuing such order and the Personnel Board's judgment in the

matter shall be final except as otherwise provided by law.

In an appeal of a removal based upon a “last chance agreement” between the City Manager and the employee, the only issue in which the Personnel Board may determine is whether the employee violated the last chance agreement. The Personnel Board may only affirm or disaffirm the judgment of the City Manager. For purposes of this provision, “last chance agreement” has the same meaning as set forth in Section 124.34(E) of the Ohio Revised Code.

## **Section 2.12**

## **Section 2.18**

## **Employee Injury**

The City of Bellbrook is concerned for the safety of all of its employees, volunteers and interns. In the case of a workplace injury, it is the primary concern of the City that an injured employee obtain the appropriate medical treatment, as soon as possible, and the accident is reported properly and investigated to mitigate the risk of future accidents. In addition to this policy, an injury packet has been developed to provide the employee, supervisor and Administration office the forms necessary to report, investigate and resolve a workplace injury.

### **A. Procedure**

#### **1. Obtaining Medical Treatment for Injured Employees**

- a. When an injury occurs, the employee or immediate supervisor should arrange for medical treatment immediately.
  - i. If emergency treatment is required for an injury which is threatening to life or limb, the injured employee should be transported to the nearest medical facility that can provide the required treatment unless the injured employee specifies an alternate provider.
  - ii. If emergency treatment is not needed, the employee may go to their physician of choice. After the first visit, the employee must select an Ohio Bureau of Workers Compensation (OBWC) certified physician for subsequent visits in order to be eligible for coverage.

2. Reporting the Injury

- a. When an injury occurs, it is the responsibility of the employee to tell his/her supervisor about the accident within 24 hours of the injury. The employee must complete the appropriate injury reporting forms.
- b. It is preferred by the City that the employee sign the Medical Information Release Form within 24 hours of their injury and provide it to their supervisor. This will aid in the medical care treatment process. This is optional and employees are asked to read the Medical Information Release carefully.
- c. If the employee *is* taken to an emergency medical facility, the employee will receive medical care and the First Report of Injury (FROI) form will be reported to the OBWC by the emergency medical facility. Once the employee is treated, the supervisor must report the accident with all available information to the Administration office.
- d. If the employee *is not* taken to an emergency medical facility, but treated at a physician's office, the supervisor must report the accident with all available information to the Administration office. The Administration office or injured employee will fill out a FROI and file with the City's managed care organization.

3. Accident Investigation

- a. All workplace injuries and illnesses shall be investigated by the injured employee's Department Director or designee within 48 hours after becoming aware of an injury. Each supervisor will then report using the appropriate form
- b. If a witness(es) was/were present, they will be required to provide a statement.
- c. Department Directors shall provide a copy of their report and any witness statement(s) to the Administration office within 48 hours of the injury or the next business day for filing with the employee claim file.
- d. The City of Bellbrook Safety Committee shall review the injury and resolution processes with names removed and discuss how the City can improve its safety practices by using the accident as a case study.

4. Return to Work (Modified Duty) Program

- a. Approval to Return to Work. Following a workplace accident or injury, an employee must have their physician's approval to return to work at full or modified duty. Therefore, when an employee goes to their first physician visit, or follow-up visit, they should have the physician complete the Physician's Report of Work Ability (MEDCO-14). The employee must keep a copy for themselves to return to their Department Director and the Administration office. A letter from the physician is sufficient as long as it contains the pertinent information found on MEDCO-14; however, MEDCO-14 is preferred.

## City of Bellbrook Personnel Policy Manual

### b. Eligibility.

- i. To be eligible for the Return to Work Program, an employee must provide a MEDCO-14 or physician's letter explaining that he/she is:
  - Temporarily unable to perform his/her essential duties AND
  - Capable of carrying out work of a modified nature from his/her regular duties and is expected to return to his/her regular duties within 90 calendar days.
- ii. Should an employee be ineligible for the Program, the employee must provide the City with a MEDCO-14 or physician's letter detailing when and how long they will not be able to work.

### c. Injury Leave for Ineligible Employees

- i. Full-time employees who are injured on the job may be paid Injury Leave to the extent of 90 working days for each new and separate injury, in addition to and prior to the use of sick leave accumulation. After the 90 working days, employees will be charged first against sick leave accruals and then vacation accruals at the time of the injury.
- ii. To confirm the length of injury leave, the City may require that the employee be examined by a physician designated and paid for by the City. If there is a difference of opinion between the employee's physician and the City's physician concerning the length of injury leave, the opinion of the City's physician will take precedence.
- iii. The City Manager will decide whether or not to pay the full injury leave or request for the OBWC to provide compensation according to the claim determination. The employee will be paid at his/her regular salary by the City, OBWC or combination of both.
- iv. As soon as it is determined by the employee's physician or the City's designated physician that the injured employee is able to return to full or modified duty, the City may require the employee to report to work and terminate injury leave. The City will require a written determination of the employee's ability to return to work by a physician at least at the beginning of each 30 day interval and more often if warranted. Again, if there is a disagreement between the employee's physician and the City's physician concerning the employee's ability to work, the opinion of the City's physician takes precedence.
- v. Where disability caused by an on-duty injury continues for a period of twelve months after the use of all sick leave and vacation time accrued and due, the employee shall apply for disability retirement.
- vi. See Injury Leave section of the City of Bellbrook Personnel Manual.

### d. Accommodations for Eligible Employees

#### i. Return to Work Modified Duty Offer

If an employee obtains a list of work restrictions imposed by their physician (found on the MEDCO-14 or in a physician's letter) and they are such that the City can accommodate them, a Return to Work Modified Duty Offer (Form 10)

## City of Bellbrook Personnel Policy Manual

must be completed and the employee will be returned to work if he/she has accepted the offer. The Administration office will keep the original offer in the employee claim file.

ii. The Offer must contain:

1. The position offered.
2. The location and duties of the position offered.
3. The duration of the modified duty position.
4. A statement that the department will only assign a position/duties consistent with the employee's knowledge and skills, and will provide training if necessary.
5. A statement acknowledging that the employer is knowledgeable about and will abide by the limitations under which the treating physician has authorized the return to work.

iii. Refusal of the Offer may result in termination of employment and entitlement to compensation benefits through the OBWC.

iv. Salary Continuation

If an employee obtains a list of work restrictions imposed by their physician and they are such that the City cannot accommodate them, the Department Director and City Manager will make a determination on paid Injury Leave. A Salary Continuation Agreement must be made between the City and injured employee (C-55).

- v. Duration of Modified Duty Offer. A Return to Work Modified Duty Offer will be extended for an initial period not to exceed 90 calendar days. The duration of approved time will be based upon the information provided by the employee's physician. If the employee is unable to return to work at full duty after the initial approved time, he/she may request a continuation of Modified Duty not to exceed a total of 90 calendar days in a Modified Duty capacity. An employee requesting an extension of Modified Duty, beyond the originally approved amount of time in the Return to Work Modified Duty Offer, must submit a new MEDCO-14 or physician's letter to his/her Department Director. This document should include what limitations continue to exist and the probable duration of those limitations. This document will be filed in the employee claim file.

An employee may request a continuation of Modified Duty not to exceed a total of 180 calendar days in a modified capacity. Approval beyond the 180 calendar days will be based upon the assessment of the employee's ability to return to full duty within the immediate future. An employee requesting an extension beyond the 180 calendar days must submit a new MEDCO-14 or physician's letter to his/her Department Director.

- vi. End of Modified Duty.

An employee who is unable to return to his/her regularly assigned duties at the end of the Modified Duty agreement may request a leave of absence through his/her department or may elect to terminate his/her employment with the City of Bellbrook. Provided the employee has exhausted any entitlement under the Family and Medical Leave Act, the department has the option to approve or deny the leave of absence request. If Leave Without Pay is denied, employment with the City of Bellbrook may be terminated. If the employee believes that the condition is permanent, progressive, or chronic, the employee may pursue Americans with Disabilities Act accommodations to determine if they are a qualified individual with a disability.

e. For Assistance.

The Administrative office is responsible for administering the Return to Work Program in consultation with the employee's department. Questions regarding the Return to Work Program should be directed to the City Manager.

The City Manager is hereby directed to authorize expenditures for non-salary remuneration or other such amenities when, in his or her discretion, he or she determines that such expenditures are necessary to perform a function or to exercise a power expressly conferred upon the City or its officers or employees by the statute or ordinance, or necessarily implied therefrom, provided that the decision of the City Manager is not manifestly arbitrary or unreasonable.

- B. A position classification may be filled by an outside contractor rather than by a City employee. Such contractor and the related contract must have the approval of the appropriate Department Director and the City Manager.
- C. The wage scale shall be consistent with the scale formally adopted by City Council.
- D. When an employee has received advanced certification required in a job description, the City Manager may move the employee into the corresponding position classification when the employee receives proof of such certification. Such action does not affect the established anniversary date or the annual performance evaluation and possible step increases associated with that anniversary date.
- E. When an employee has accepted additional responsibility and/or has exhibited exceptional performance where a promotion is feasible, the City Manager may move the employee into a higher position classification as long as the employee meets the requirements in the job description. Such action must be preceded by a performance evaluation and will establish a new anniversary date.

### **Section 3.4 Compensation: Merit Bonus Pay**

- A. Definition. Merit Bonus Pay is defined as a management tool to encourage and reward excellence among employees who are at the top of their respective pay scales.
- B. Intent. Merit Bonus Pay is designed to recognize outstanding performance without employee expectation of continual receipt of an award. This bonus pay is not intended to be a compensation benefit or an automatic right.
- C. Guidelines.

1. Merit Bonus Pay is limited to only those individuals who are at the top of their respective pay ranges. Merit Bonus Pay candidates must meet one of the following criteria:
  - a. Maintaining a Standard of Excellence. The Employee has demonstrated a consistent pattern of outstanding job performance. Here, a single notable achievement by this employee is not required.
  - b. Exceptional Achievement. The employee's efforts have resulted in a special achievement of significant importance to the City. Here, it is not required that the employee's overall performance level be rated outstanding.
2. An employee may be awarded Merit Bonus Pay one time in a calendar year. As a general rule, Merit Bonus Pay may not be awarded to an individual within two consecutive years. Candidates for consecutive year awards shall be evaluated on a case by case basis.

### **Section 3.6**

### **Employee Deductions**

- A. Certain deductions are made from an employee's paycheck as required by law, in accordance with employee benefit plans, or as requested by the employee and authorized by law. These deductions are itemized on the employee's pay statement, which accompanies the bi-weekly paycheck. Deductions include:
  1. Retirement Plans. State law requires that employees contribute to the Ohio Public Employees Retirement System (OPERS) or the Ohio Police and Fire Pension Fund (OP&F) rather than Social Security. (Membership in the system is compulsory upon

being employed except those persons specifically exempted under the provisions of O.R.C. 145.03.)

2. Income Taxes. Federal and state laws, some city ordinances, and some school districts, require that taxes be withheld from each salary and wage payment. The amount of tax to be withheld is determined from tables furnished to the Administration office by the Ohio Department of Taxation and various other entities, and varies according to the amount of salary and number of dependency exemptions.

Employees are required to complete withholding tax certificates upon initial employment and to inform the Administration office of any dependency change whenever such change occurs.

3. Medicare Health Insurance. The federal government requires 1.45% of the salary and wages of employees hired on or after April 1, 1986, be withheld each pay period to pay for Medicare health insurance coverage. The City is also required to contribute a like amount.
4. Medical/Dental Insurance Premiums. The City may require a payroll deduction for the employee's share of medical and/or dental insurance premiums for those eligible employees electing medical and/or dental insurance coverage.
5. Vision Insurance Premiums – The City will payroll deduct the cost of vision insurance for those eligible employees electing this insurance coverage.
6. Miscellaneous. Examples include Health Savings Accounts, garnishments, deferred compensation, child support, other insurance contributions, etc.

- B. The City may refuse to make deductions, not required by law, which are below certain prescribed minimum amounts determined by the City Manager, which occur at irregular intervals, or for another similar cause; other than those deductions required by law, the City may decline to make a deduction that the employee's check is insufficient to cover. All requests for payroll deductions must be presented in writing to the Administration office for authorization.

3. Nothing contained herein shall be construed as preventing the City from restructuring the normal work day or work week for the purpose of promoting efficiency or improving services; or from establishing work schedules of employees. Supervisory personnel may be assigned a forty-hour per week flex schedule with earned benefits prorated accordingly.

#### **B. Other Full-time Employees.**

Lactation breaks under this policy should, to the extent possible, run concurrently with any other break time available to the employee.

### E. Grounds for Disciplinary Action.

1. Employees are expected to report to work at the designated starting time. Failure to report on time, unless excused by the immediate supervisor, will constitute grounds for disciplinary action. Taking excessive time for lunch and other breaks, stopping work before the designated quitting time, and wasting time on the job, are also grounds for disciplinary action.

## **Section 3.8 Overtime Pay and Compensatory Time Off**

### A. Non-Exempt Employees.

1. Non-exempt employees shall be paid one and one-half times their regular rate of pay for overtime hours worked. Overtime hours are any hours over forty hours per week in active pay status. Overtime will be credited in fifteen-minute increments.
2. To the greatest extent possible, all overtime shall be offered to all qualified personnel in the work unit, and the overtime actually worked shall be spread as evenly as possible over all interested employees in the work unit. However, employees who consistently refuse overtime when offered it shall waive their rights to an equal number of overtime hours.

In such cases, employees shall be offered a minimum of three hours of work which must be in excess of the regular work hours in order to qualify for overtime pay. In the case of regularly scheduled and continuing work in checking the water system on weekends, employees shall be offered a minimum of three hours of work on both Saturday and Sunday.
- E. Compensatory Time Off. Employees are permitted compensatory time off in lieu of immediate overtime pay in cash, at a rate of not less than one and one-half hours for each hour of overtime worked. The maximum compensatory time which may be accrued by an affected employee shall be 80 hours. An employee who has accrued the maximum number of compensatory hours shall be paid overtime compensation in cash for any additional overtime hours of work. Exceptions to the maximum compensatory time balance may be made with the approval of the City Manager. Employees may elect to cash in all or a portion of their accumulated compensatory balance once per year.

An employee shall be permitted to use accrued compensatory time within a reasonable period after it is requested if to do so would not unduly disrupt the operations of the employee's department. Payment for accrued compensatory time upon termination of employment shall be calculated at the final regular rate received by the employee.

### **Section 3.9**

### **Allowances: Vehicles**

- A. The City will provide an appropriate vehicle for the business use by the City Manager, the Police Chief, the Fire Chief and the Service Director. Use of a City vehicle for other than business or driving to and from work may be approved by motion of Council, but such other use shall not extend beyond Montgomery or Greene Counties and shall be restricted to the employee himself or herself. The City shall also reimburse employees with proper receipts for food consumed during overtime work which conflicts with normal meal times upon approval of the City Manager and Department Director.
- B. Mileage Reimbursement. Employees who use their personal vehicles on City business will be reimbursed at a rate equal to the current Internal Revenue Service guidelines for mileage driven. All requests for mileage reimbursement must be accompanied by an explanation of the purpose of the trip and the beginning and ending odometer readings.
- C. Conferences and Trainings. A check for expenses will be issued for the actual attendance at a conference, a training session or other official and authorized City business upon the submittal of receipts to the City Manager upon return. However, if the exact costs of registration, transportation or lodging are known in advance, such costs may, with the City Manager's approval, be paid in advance directly to the service provider. The following maximum reimbursement levels apply:
1. Transportation. If commercial transportation is used, the actual cost of a ticket shall be reimbursed. For the use of a personal vehicle, mileage reimbursement will be at a rate that does not exceed the current Internal Revenue Service guidelines. If the mileage reimbursement exceeds the cost of an obtainable commercial airline ticket, the ticket cost will be used. City vehicles shall be used when feasible. Transportation reimbursement will only be made for those trips that are outside of any employee's reasonable commute. Reasonable commute, for the purpose of this section, is considered 30 miles or less one way.
  2. Meals. For meals required to be purchased by the official or employee, reimbursement will be on a per diem basis of \$60. Per diem allowances are reimbursable for in-state overnight travel that is 45 miles or more from the employee's home or worksite and all out-of-state travel. Per diem reimbursements are based on departure and return times over the entire 24-hour day and are prorated accordingly. If a meal is included in a conference registration fee, included in the hotel room rate or replaced by a legitimate business meal, the per diem allowance for that meal may not be claimed. For single day trips, reimbursement for breakfast will be \$10, lunch will be \$20, and dinner will be \$30. Receipts are not required for per diem allowances.
  3. Lodging. If official City business requires an official or employee to stay overnight at least 50 miles away from the City, reimbursement for lodging will be made on preapproved travel for adequate lodging, including tax, when accompanied by a receipt. The person traveling on City business shall attempt to arrange hotel/motel accommodations which are economical.

4. If cost savings can be achieved, the City Manager is authorized to implement a self-insurance program for the City whereby employees would be directly reimbursed by the City, rather than by the City's insurance carrier, for certain eligible medical expenses, such as in meeting a higher deductible amount.
5. Employees are responsible for keeping the insurance carrier current on any changes affecting their coverage through the Administration office (e.g., marriages, births, change of address, etc.)

## **Section 4.2**

## **Employee Assistance Program**

A. Program Information - The City of Bellbrook recognizes the potential adverse impact of unresolved personal problems on employee well-being as well as on employee performance in the workplace. Therefore, an Employee Assistance Program (EAP) is made available to all full-time and part-time employees and certain volunteers (Volunteer Firefighters and EMS Providers) and their immediate family members.

1. The EAP provides professional, confidential assistance for most personal problems. Typical problems which can be addressed through the EAP include stress, marital or family concerns, emotional distress, concerns with substance abuse, or financial problems.
2. Voluntary use of the EAP will remain confidential. As such, employee participation in the EAP will not jeopardize an employee's job security or promotional opportunities. Participation in the EAP does not relieve an employee of his or her responsibility to meet accepted job performance and attendance standards.
3. At this time, the premium for this benefit is fully paid by the City of Bellbrook. Should a referral be made to an outside counseling resource or treatment facility, costs incurred will be reimbursable only in accordance with the provisions of the employee's medical insurance plan. All related coverage of the city's medical insurance plan remains unchanged, and employees are free to access mental health and substance abuse inpatient and outpatient care independently of the EAP.
4. Supervisors shall review the Personnel Manual and applicable bargaining agreements, in addition to consulting with the City Manager or his/her designee, when contemplating the requirement for an employee to participate in the EAP.

### B. Procedures

1. Self-Referral. An employee, or an eligible dependent, who desires confidential assistance should contact the EAP office and schedule an appointment or speak to an EAP counselor. The EAP counselor will arrange an appointment with the employee in an EAP office.
2. Supervisor Referrals. Supervisors may refer an employee to the EAP when:
  - a. A request for assistance is made by an employee. When such request is made, the supervisor and/or the City Manager or his/her designee will make the employee aware of the professional assistance available through the EAP. Supervisors may offer to assist the employee in arranging an appointment with an EAP counselor.

- b. A particular on-the-job incident indicates the possible presence of a personal problem. Referral to the EAP does not preclude appropriate disciplinary action, when it is called for.

C. Family Member Assistance

A person who is in the immediate family of an eligible employee or volunteer is entitled to the services of the EAP. Such a family member may contact the EAP directly to schedule an appointment. Naturally, the same degree of confidentiality will apply to such a family member; that is, any communications between the individual and the EAP counselor will be held in the strictest confidence.

D. Time Off for Counseling

Employee counseling sessions with an EAP counselor would normally be scheduled to be on the employee's own time, or subject to existing leave policies.

E. Release of Information

The EAP maintains confidentiality within the limits of the law and will not release information to an employee's supervisor without the employee's consent. If a supervisor refers an employee to the EAP, the supervisor may request that the employee give the EAP permission to share information regarding attendance, a plan for addressing the work-related concern and compliance with the plan.

**Section 4.3 Insurance Conversion Privileges**

According to the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, in the event of an employee's termination of employment with the City of Bellbrook, or loss of eligibility to remain covered under the City's health insurance, the employee and any eligible dependents may have the right to continued coverage under the City health insurance plan for a limited period of time at the employee's expense.

Unreported or unexcused absences will be without pay. Three days of absence without notification shall be deemed a voluntary resignation. The City may withhold Sick Leave payments to any employee who is guilty of submitting a false claim or abusing

Whenever an employee is absent due to illness for three consecutive working days, personal contact with the employee shall be made by the employee's supervisor or Department Director. A written statement by a physician may be required at the discretion of the employee's Department Director or the City Manager.
- E. Sick Leave Usage. Only full-time employees may be paid for sick time off as long as there are sufficient current balances to draw from. If an employee does not have a sufficient balance to cover the paid time off, vacation, comp, or personal time will be used in lieu of in that order. Such employees may use sick time in quarter hour increments up to a total per day of the hours normally worked on their assigned shifts.
- F. Sick Leave Payout at Retirement.
  - 1. At the time of retirement from OPERS or OP&F, any employee hired on a full-time basis before October 1, 2008 shall receive payment for accrued Sick Leave in excess of 75 days, but in no event shall any employee receive more than 45 days or 360 hours of pay pursuant to this section. The payment shall be based on the employee's rate of pay at the time of retirement and eliminates all Sick Leave credit accrued but unused by the employee at the time payment is made.
  - 2. At the time of retirement from OPERS or OP&F, any employee hired on a full-time basis on or after October 1, 2008 with 10 or more years of service with the City shall be paid in cash for one-fourth (1/4) the value of the employee's accrued but unused Sick Leave credit. The payment shall be based on the employee's rate of pay at the time of retirement and eliminates all Sick Leave credit accrued but unused by the employee at the time payment is made. The value of accrued but unused Sick Leave credit that is paid shall not exceed the value of 30 days or 240 hours of accrued but unused Sick Leave.
- G. Sick Leave Transfer. The City may credit new employees with Sick Leave accrued while with a previous public employer up to a maximum of 160 hours. It is the employee's responsibility to secure from the former employer a letter for confirmation of the employee's prior Sick Leave balance.

## **Section 5.5**

## **Parental Leave**

- A. Employer shall provide full time employees with two (2) weeks of paid parental leave to run concurrently with the current FMLA twelve (12) weeks. Leave can be used by a mother or father before, during, and/or after the birth of a child, or adoption of a child. Leave shall be requested and approved through the employee's supervisor. Any unused leave will be zeroed out upon the employee's return from work unless approved by the employee's supervisor for future need relative to the event.

## **Section 5.6**

## **Injury Leave**

## City of Bellbrook Personnel Policy Manual

for each new and separate injury, in addition to and prior to the use of Sick Leave accumulation. Such Injury Leave shall be in accordance with the following rules:

1. An on-duty injury of any nature shall be immediately reported to the Department Director. The employee shall complete an employee injury report and the supervisor shall complete a supervisor investigation report. The length of Injury Leave shall be based on the written verification of the employee's standing physician; such verification shall be provided to the City Manager or his/her designee within forty-eight hours of the injury. To confirm the projected length of Injury Leave, the City may require that the employee be examined by a physician designated and paid for by the City. If there is a difference of opinion between the employee's physician and the City's physician concerning the length of Injury Leave, the opinion of the City's physician will take precedence. Requests for extension of leave beyond thirty days shall be submitted to the City Manager and such requests for extension shall be made in increments of thirty calendar days.
  2. When an employee is unable to work as a result of an on-duty injury, the City Manager or his/her designee shall cause to be filed an application for Workers' Compensation for the employee.
  3. After all Injury Leave is used, the employee may elect to use any Sick Leave or vacation time due him or her at the time of injury.
  4. Where disability caused by an on-duty injury continues for a period of twelve months after the use of all Sick Leave and vacation time accrued and due, the employee shall apply for disability retirement.
  5. As soon as it is determined by the employee's physician or the City's designated physician that the injured employee is able to return to full or limited duty, the City may require the employee to report to work and terminate Injury Leave. The City will require a written determination of the employee's ability to return to work by a physician at least at the beginning of each thirty-day interval and more often if warranted. Again, if there is a disagreement between the employee's physician and the City's physician concerning the employee's ability to work, the opinion of the City's physician takes precedence.
- B. An employee who is receiving Sick Leave or Injury Leave with pay while simultaneously receiving compensation under Workers' Compensation, or who is receiving benefits under paragraph (A) hereof, shall receive only that portion of his or her regular salary which will, together with such compensation, equal his or her regular salary.
1. Charges shall be made against Sick Leave accruals for any waiting period not covered by the Workers' Compensation statutes. Upon qualification for Workers' Compensation, Sick Leave accrued may be reinstated retroactive to the date of the injury.
  2. After payment and use of the 90 working days Injury Leave, charges shall first be made against Sick Leave accruals. After Sick Leave accrual is used, an injured employee may elect to use whatever accumulated vacation time he or she may have at the time of injury.
- C. The City shall require the employee to furnish medical proof or submit to medical examination by the City and at the City's expense to determine whether a subsequent injury is

a new and separate injury or an aggravation of a former injury sustained while in City service.

- D. Leave of absence without pay may be granted by the Department Director, with the approval of the City Manager, for off-duty injury or illness.

**Section 5.7** **Return to Work from Injury Leave or Sick Leave**

- A. When an employee, who has been absent for three or more consecutive days due to illness or accident, desires to return to work, he or she shall have his or her physician issue appropriate documentation to the City Manager. This documentation of illness will cover the following:
  - 1. The general nature of the illness or accident;
  - 2. The date the employee is able to return to work; and
  - 3. Restrictions or cautions on the employee's work activity, if any.
- B. The City Manager will review the report of illness and will advise the Department Director if any change in conditions of the return to work seem advisable. In this regard, the City Manager may wish to have the employee, before he or she return to work, examined by a local physician at the expense of the City.
- C. If approved by the City Manager as submitted, the report of illness will be filed in the employee's personnel file and no further action will be necessary.
- D. If the report of illness is deemed to be unsatisfactory (e.g. it reveals an abuse of Sick Leave privileges), the report shall be returned to the Department Director who shall then advise the employee. Depending on the circumstances of the disapproval, penalties could include the loss of pay for the time absent from work and disciplinary action up to and including termination. The decision imposing any penalty shall be made by the City Manager after consultation with the Department Director.
- E. If the medical examination requested by the City determines that the employee is not physically fit to return to work, the physician shall notify the City Manager who will advise the employee to continue his or her medical absence, using Sick Leave, vacation time or leave without pay.

**Section 5.8** **Funeral Leave**

Employees will be granted up to three days paid Funeral Leave when a death occurs in the immediate family. The immediate family includes a spouse, parent, parent-in-law, step-parent, child, step-child, brother, sister, grandparent and grandchild. Employees of the Fire Department working a 24/48 hour shift schedule are eligible for one shift of Funeral Leave unless additional leave is approved by the City Manager. The City Manager may approve Funeral Leave for relatives other than those listed above (e.g. aunt or uncle). The use of leave is to occur immediately around the date of the event unless otherwise approved by the employee's supervisor.

**Section 5.9**

**Jury Duty**

Employees shall promptly notify their Department Directors of their being served with a notice to perform Jury Duty. An employee will be paid his or her regular salary for performing Jury Duty and must provide documentation to the Department Director at the conclusion of the duty.

**Section 5.10**

**Military Leave**

Employees will be provided Military Leave and re-employment rights consistent with state and federal law.

**Section 5.11**

**Family Medical Leave**

A. Eligible Employees. Employees are eligible for Family Medical Leave (FML) if they meet the following criteria:

1. Employee has been employed by the City for at least 12 months; and,
2. Employee has been paid in work status with at least 1,250 hours of service during the 12 month period immediately preceding the start of the leave. (Note: Vacation Leave, Sick Leave, etc. does not count towards the 1,250 hours of service).
3. Employee works for an employer with 50 or more employees who live within a 75 mile radius.

B. Eligible Leave. Employees who meet the above criteria are eligible for up to 12 weeks of FML in any twelve 12 month period for any of the following reasons:

1. Birth of a child, and to care for a newborn child.
2. Placement of a child by way of adoption or foster care.
3. The employee having a "serious health condition" that makes them unable to perform the functions of his or her job.
4. To care for the employee's spouse, son, daughter, or parent who has a "serious health condition."

C. Definitions:

1. Spouse is a husband or wife including common law marriages where/when recognized. Unmarried domestic partners do not qualify for Family Medical Leave to care for their partner.
2. Child is a son or daughter, including a child 18 years or over, who is incapable of self-care because of a mental or physical disability.
3. Parent is a biological parent or an individual who stands in the place of a parent to the employee ("in loco parentis").
4. Foster Care is defined as placement of a child with the employee through a formal agreement for substitute care requiring state action, rather than an informal arrangement to take care of another person's child.

## City of Bellbrook Personnel Policy Manual

5. Serious Health Condition means an illness, injury, impairment, or physical/mental condition that involves a period of incapacity or treatment that requires absence from employment for more than 3 calendar days and involves two visits to a health care provider within 30 days of the initiation of the incapacity, with the first visit being within the first 7 days. Serious health condition also includes pre-natal care and continuing treatment of chronic or long-term incurable conditions, which is defined as two visits per year.

- D. Request/Notification of Leave. When feasible, employees must submit a written request for leave 30 days prior to the requested leave start date. In situations involving medical emergencies, etc., employees are to submit their request as soon as possible, but not later than 4 days after the beginning of the emergency situation.

Request for leave will include a brief description of the need for leave, identify whom the leave is for, what relationship the individual is to the employee (e.g. employee, spouse, parent, etc.), and length of leave requested. Along with the request, the employee will also furnish the City Manager with medical certification of the serious health condition from the physical/health care provider. The medical certification shall include the identity of the individual with the serious health condition, date on which the condition began, probable duration of the condition, and, if regarding the employee, whether the employee is unable to perform the essential functions of his or her job. Based upon the request for leave and the medical provider's certification, the City Manager shall authorize or deny the request, or may, at City expense, require the employee to obtain a second medical opinion to confirm the leave request.

The City Manager may designate that an employee's leave qualifies for and will be counted as Family Medical Leave. The City Manager must make such designation prior to the starting of the leave unless sufficient information as to the reason for the leave is not available until after the leave began.

- E. Approval/Denial of Leave Request. The City Manager shall notify the employee orally or in writing within 5 business days as to the approval or denial of his or her FML Request. Oral notice will be followed by written confirmation by the next payday. The City shall note the starting and ending dates of leave, reinstatement procedures and utilization of accumulated paid leave.
- F. Utilization of Accumulated Paid Leave. The Family Medical Leave Act requires the City allow an employee unpaid leave when he or she is eligible, as described above. The law perm`s the City to require the employee to use accrued paid leave, which may be counted concurrently with family medical leave. Accordingly, family medical leave will be counted concurrently with other paid leaves (e.g., Sick Leave, Vacation Leave, compensatory time). Therefore, an employee will have his or her paid leave counted toward the 12-week FMLA allowance, until such paid leave has been exhausted. After all applicable paid leaves are exhausted; any remaining FML will be unpaid. Eligible employees may, but are not required, to use accrued compensatory time during family medical leave. If compensatory time is used, it will count against the 12-week leave entitlement. Sick Leave may only be used for an otherwise eligible use of Sick Leave.
- G. Leave Period. An eligible employee may take up to 12 workweeks of FML leave during a 12 month period. The 12 month period shall be measured from the date the employee's first

FML begins.

Employees may request intermittent or reduced leave schedules to accommodate medically necessary treatment in connection with a serious health condition. Intermittent or reduced leave may not exceed the total hours an employee would have worked during their regular 12 week schedule. If intermittent or reduced leave is approved, the City Manager may require the employee to schedule the leave so as not to unduly disrupt the City's operations or the employee may be placed in an alternate position which better accommodates the intermittent leave schedule.

When both spouses are employed by the City, they are entitled to an aggregate total of 12 weeks of FML for childbirth, adoption placement or Foster Care. This limitation does not apply to FML taken by either spouse to care for the other spouse, a child or parent with a serious health condition.

- H. Insurance Coverage. Employees are entitled to maintain the same health benefits during the FML. Employees are responsible for continuing to pay any share of the health care costs that they were responsible for prior to the leave. Failure of the employee to timely pay their portion of health care costs may result in discontinuation of coverage.

Payment is due at the same time as it would be if made by payroll deduction (i.e., on pay day).

Should an Employee fail to return to work after his or her FML expires; the City may recover from the employee the City's share of health insurance premiums paid during the period of unpaid FML. Insurance premiums may not be recovered if the employee fails to return to work due to the continuation, recurrence, or onset of a Serious Health Condition or circumstances beyond the Employee's control.

- I. Reinstatement. Employees returning from FML shall be placed in their same position or equivalent positions with equivalent pay, benefits, and conditions.

Employees whose FML was for their own personal medical conditions must, prior to reinstatement, submit medical certification to the City as to their ability to return to work, subject to a second medical opinion as deemed necessary by the City or a third medical opinion as provided in the Family and Medical Leave Act.

- J. Service Member Family and Medical Leave. The National Defense Authorization Act (NDAA) expands coverage of the FMLA for military service members and their families. Except as mentioned below, an employee's rights and obligations to Service Member Family and Family Medical Leave are governed by the above FML guidelines.

1. Leave Entitlement: Service Member FML provides eligible employees unpaid leave for any one, or a combination, of the following reasons:
  - a. To care for a covered family member who has incurred an injury or illness in the line of duty while on active duty in the Armed Services, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank or rating; and/or
  - b. A "qualifying exigency" arising out of a covered family member's active duty or call to active duty in the National Guard or Reserves in support of a contingency operation. Contingency operations involve actions, operations or

hostilities against enemies of the United States or opposing forces or active duty during a war or national emergency.

2. Duration of Service Member Family and Medical Leave: When leave is to care for an ill or injured service member, an eligible employee may take up to 26 weeks of leave during a 12 month period. Leave to care for an ill or injured service member, when combined with other qualifying FML, may not exceed 26 weeks in a single 12 month period. When leave is due to a “qualifying exigency”, an eligible employee may take up to 12 workweeks of leave during any 12 month period.

The following examples constitute “qualifying exigencies”:

Short-notice deployment;

Military events and related activities;

Childcare and school activities;

Financial and legal arrangements;

Counseling;

Rest and recuperation;

Post-deployment activities; and

Additional activities mutually agreed upon by the employee and employer, but not enumerated in the NDAA regulations.

Both paid and unpaid time off may be granted to eligible employees.

## **Section 5.12**

## **HIPAA Privacy Policy**

The City of Bellbrook (the “City”) sponsors one or more group plans that provide medical and dental benefits (the “Plan”). The Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) and the applicable regulations restrict the City’s and the Plan’s ability to use and disclose protected health insurance (“PHI”). PHI is defined as:

PHI means information that is created or received by the Plan and relates to the past, present or future physical or mental health or condition of a participant; the provision of health care to a participant; or the past, present or future payment for the provision of health care to a participant; and that identifies the participant or for which there is a reasonable basis to believe the information can be used to identify the participant. PHI includes information of persons living or deceased.

It is the City’s and the Plan’s policy to comply fully with all HIPAA’s requirements. To that end, all members of the City’s workforce who have access to PHI must comply with the HIPAA rules and regulations governing the use and disclosure of PHI. Members of the City’s workforce include employees, volunteers, trainees and other individuals who work under the direct control of the City.

It is the City’s policy that, as of April 14, 2004, no member of the City’s workforce will intimidate, threaten, coerce, discriminate against or take any retaliatory action against any individual for exercising his or her rights, filing a complaint, participating in an investigation or

opposing any improper practice under HIPAA. In addition, no one will, under any circumstance, be asked to waive his or her rights under HIPAA.

## **Section 6 Employee Conduct**

### **Section 6.1**

### **Ethics/Conflicts of Interest**

The proper operation of a democratic government requires that actions of public officials and employees be impartial, that government decisions and policies be made through the proper channels of governmental structure, that public office not be used for personal gain, and that the public have confidence in the integrity of its government. Ohio Revised Code §102.03 and §2921.42 prohibit public employees from using their influence to benefit themselves or their family members. In recognition of the above-listed requirements, the following Code of Ethics is established for all City officials and employees:

- A. No employee shall use his official position for personal gain, or shall engage in any business or shall have a financial or other interest, direct or indirect, which is in conflict with the proper discharge of his official duties.
- B. No employee shall, without proper legal authorization, disclose confidential information concerning the property, government, or affairs of the City, nor shall he use such information to advance the financial or other private interest of himself or others.
- C. No employee shall accept any valuable gift, whether in the form of service, loan, item or promise from any person, firm or corporation that is interested directly or indirectly in any manner whatsoever in business dealings with the City; nor shall an employee accept any gift, favor or item of value that may tend to influence the employee in the discharge of his duties or grant, in the discharge of the employee's duties any improper favor, service or item of value.
- D. No employee shall represent private interests in any action or proceeding against the interest of the City in any matter wherein the City is a party.
- E. No employee shall engage in or accept private employment or render services for private interests when such employment or service is incompatible with the proper discharge of his official duties or would tend to impair his independent judgment or action in the performance of his official duties. Neither shall other employment, private or public, interfere in any way with the employee's regular, punctual attendance and faithful performance of his assigned job duties.

Any employee having doubt as to the applicability of these provisions should consult his supervisor or legal counsel. Any employee offered a gift or favor should inform his supervisor of the gift offer. No employee will accept from any contractor or supplier doing business with the City, any material or service for the employee's private use.

State law prohibits City employees and officials from having a financial interest in companies that do business with public agencies, with minor exceptions. Employees who have any doubt concerning a possible violation of these statutes are advised to consult an attorney.

### **Section 6.2**

### **Unlawful Discrimination and Harassment**

- A. Policy. The City is committed to providing a work environment that is safe and free from unlawful discrimination and harassment. Unlawful discrimination and harassment is

behavior directed toward an employee because of their membership in a protected class based on their race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, age (40 and older), disability and genetic information (including family medical history). Unlawful discrimination and harassment is inappropriate and illegal and will not be tolerated. All forms of unlawful discrimination and harassment are governed by this policy and must be reported and addressed in accordance with this policy.

- B. Definitions. Unlawful discrimination occurs when individuals are treated less favorably in their employment because of their membership in a protected classification. An employer may not discriminate against an individual with respect to the terms and conditions of employment, such as promotion, raises, and other job opportunities, based upon that individual's membership in that protected class.

Harassment is a form of discrimination. Harassment may be generally defined as unwelcome conduct based upon a protected classification. However, harassment becomes unlawful where:

1. Enduring the offensive conduct becomes a condition of continued employment.
2. The conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

- C. Sexual Harassment. The U.S. Equal Employment Opportunity Commission provides that unwelcome sexual advances (verbal and/or physical), requests for favors and other verbal and/or physical conduct of a sexual nature, constitute sexual harassment when:

1. Submission to such conduct is either an explicit or implicit term or condition of employment (such as job promotion, job assignment, overtime opportunity, wage increase, etc.); or
2. Submission to or rejection of the conduct is used as a basis for making employment decisions; or
3. The conduct has the purpose or the effect of substantially interfering with the individual's performance or creating a hostile or offensive work environment.
4. Unlawful discrimination and harassment do not generally encompass conduct of a socially acceptable nature. However, some conduct that is appropriate in a social setting may be inappropriate in the work place. A victim's perceived acquiescence in the behavior does not negate the existence of unlawful discrimination or harassment. Inappropriate conduct that an employee perceives as being "welcome" by another employee may form the basis of a legitimate complaint.

- D. Examples of Sexual Harassment. Sexual harassment under the above definition may include, but is not limited to:

1. Verbal - sexual innuendo, suggestive comments, insults, threats, jokes about personal or physical traits, jokes of a sexual or demeaning nature, or sexual propositions;
2. Nonverbal - suggestive or insulting noises, leering, whistling, obscene gestures, threatening gestures, and the posting or possession at the workplace of literature, calendars or pictures that are suggestive, revealing, demeaning, or pornographic; or

3. Physical - unwelcome touching, pinching, brushing, rubbing, or groping of the body, unnecessary closeness, threatening or intimidating actions, coercing sexual activity, and assault.
- E. Off Duty Conduct. Unlawful discrimination or harassment that affects an individual's employment may extend beyond the confines of the work place. Conduct that occurs off duty and off premises may also be subject to this policy.
- F. Reporting a Problem. Using and insisting upon good manners, behavior and the exercise of good sense will go a long way in avoiding and preventing the inappropriate conduct prohibited by this policy. It is every employee's responsibility to help maintain a work environment free from harassment. Employees who believe they have experienced or observed harassment must report the harassment immediately to the employee's direct supervisor, the Administration office, or any other member of City management. In the event an employee believes that he or she is being harassed by his or her direct supervisor, the employee should promptly report the harassment to the next higher level of administration or supervisor.
- G. Zero Tolerance for Discrimination and Harassment. It is the City's policy to maintain a zero tolerance for discrimination and harassment. "Zero tolerance" means that an act of discrimination or harassment shall be deemed unacceptable in any form. Those who engage in such behavior will be held accountable and dealt with in a manner consistent with maintaining a safe, inclusive workplace, which may include discipline, up to and including termination. Alleged violations of this policy will be reviewed on a case-by-case basis.
- H. Retaliation Prohibited. The City encourages employees to raise questions or concerns regarding harassment and will not permit any form of retaliation against employees who have made a claim or report of harassment, or against any employee who has provided information to the City during the investigation of the claim or report of harassment. An employee who believes that he or she has been retaliated against should immediately contact his or her direct supervisor, the Administration office, or any other member of City management.
- I. Investigation and Disciplinary Action. Every allegation of harassment under this policy will be the subject of a prompt investigation by the City. Upon receiving a complaint of alleged harassment, the City Manager or designee shall promptly initiate an investigation into the matter. After the investigation has been completed, a determination will be made by the City regarding the resolution of the matter. If, following the investigation, the City concludes that the harassment occurred, prompt disciplinary action will be taken, up to and including termination.

## **Section 6.3**

## **Workplace Violence**

- A. Policy Statement. The City is committed to providing a safe, secure work environment for its employees and to preventing violence, threats or intimidating actions by or against any employee, citizen, vendor, customer, or visitor on or off City property.
- B. Zero Tolerance for Workplace Violence. It is the City's policy to maintain a zero tolerance for workplace violence. "Zero tolerance for workplace violence" means that an act of violence shall be deemed unacceptable in any form. Those who engage in such behavior will

be held accountable and dealt with in a manner consistent with maintaining a violence-free workplace, which may include discipline, up to and including termination. Alleged violations of this policy will be reviewed on a case-by-case basis.

- C. Definition of Workplace Violence. “Workplace violence” is defined as any behavior that is intended or likely to be perceived as intending to create a fear of bodily harm, actual physical injury, or damage to City property. Examples of workplace violence include, but are not limited to: homicide, assault with a weapon, rape, assault under the guise of an accident, hostage taking, armed robbery, hostile destruction of property, abusive conduct, and verbal, written, or implied threats or intimidation.
- D. Complaint and Investigation Procedure. In order to promote the prevention of threats and violent acts, the City requires employees to immediately report all threats and overt acts of violence to their direct supervisor. In addition, the City encourages employees to report other behavior that may indicate the potential for a violent act. Upon learning of a threat or other violent act, supervisors are required to immediately report the threat or other violent act to the City Manager, who will promptly initiate an investigation into the matter. Employees are required to fully cooperate during the investigation of such an incident. Failure to cooperate in such an investigation may lead to discipline, up to and including termination.
- E. Discipline. Upon completion of its investigation, the City will assess disciplinary action, up to and including termination, against any employee that the City finds to have committed or threatened an act of violence or otherwise violated this policy. In addition, the City will pursue its right to criminally prosecute any person who commits, or threatens, an act of violence in violation of Federal, State or local ordinances.
- F. Pre-Employment Criminal Background Checks. In keeping with the City's commitment to providing a safe, secure working environment for its employees, vendors, suppliers, visitors and citizens, the City shall require that all applicants consent to a criminal background check as a condition of employment.
- G. Review of Communications, Files and Other Data Management Systems. The City provides employees with a number of communications and data management systems. These communications and data management systems include, but are not limited to, paper files, electronic files (i.e., data stored and/or saved by electronic means on computer hard drives, , etc.), telephones, e-mail, voice mail, fax machines, servers, computers, cell phones, internet access and other network tools. These systems are owned and/or controlled by the City and employees have no expectation that any communication or other information made with, or stored on, these systems is private. Accordingly, in the interest of preventing workplace violence and enforcing this policy, the City expressly reserves its right to monitor employees' use of the above systems and to access these systems and any information or data saved or stored therein at any time, with or without notice.
- H. Emergency Procedures. In the event of an emergency, defined as a situation involving imminent death or serious bodily injury to a person, employees should immediately attend to their own safety by departing the area and reporting the situation to their direct supervisor or, in that person's absence, any other member of City management. In the event an employee reports the emergency to his or her supervisor or another member of City management, that individual will immediately report the matter to the City Manager. The City Manager will immediately notify the appropriate law enforcement agency.

## **Section 6.4**

## **Sexual Misconduct**

### **A. Sexual Misconduct.**

1. Policy statement. The City will not tolerate and will seek to eradicate any behavior by its employees which constitutes sexual misconduct toward another adult or toward a child. For the purposes of this policy, "sexual misconduct" means any actual or attempted criminal sexual contact, sexual assault, sexual abuse, sexual exploitation, indecent or sexual solicitation, public indecency, or other criminal conduct of a sexual nature as defined under Ohio law. "Sexual misconduct" does not include "sexual harassment." Nothing contained in this policy shall be deemed to conflict, contradict or supersede the reporting requirements contained in any existing local, State or Federal law.
2. Reporting procedures and Designated Point of Contact.
  - a. The City's Designated Point of Contact is the City Manager or his or her designee.
  - b. It is the express policy of the City to encourage victims of sexual misconduct, and their parents or guardians in the case of minors, to come forward with such claims. The City has a Designated Point of Contact, who shall remain accountable for the implementation and monitoring of this policy. The identity of the Designated Point of Contact shall remain on file with the City. In order to conduct an immediate investigation, any incident of sexual misconduct must be reported as quickly as possible, in confidence, as follows:
    - i. Employees and volunteers. Employees are required to report any known or suspected incidents of sexual misconduct to the appropriate authority pursuant to applicable State, local or Federal law. Employees must also report to their direct supervisor, the City Manager or the Designated Point of Contact. If the report is made to the supervisor, that individual shall notify the Designated Point of Contact. If the person to whom an employee or volunteer is directed to report is the offending person, the report should be made to the next higher level of administration or supervisor.
    - ii. Parents and guardians. Each year, parents or legal guardians of children participating in City-sponsored functions shall be advised of the contents of this sexual misconduct policy and be instructed to report any incident of known or suspected sexual misconduct in accordance with applicable State, local or Federal law. The City also encourages parents or legal guardians to report any incident of known or suspected sexual misconduct to the Designated Point of Contact, unless the allegations involve that person. If the allegations involve the Designated Point of Contact, the report should be made to the City Manager, who will immediately follow all applicable State law reporting requirements.
3. Investigation and confidentiality. All complaints of sexual misconduct will be promptly investigated and reported in accordance with applicable State, local or

Federal law. During such investigation, while every effort will be made to protect the privacy concerns of all parties, confidentiality cannot be guaranteed.

4. Discipline. Upon completion of its investigation, the City will assess disciplinary action, up to and including termination, against any employee that the City finds to have engaged in sexual misconduct in violation of this policy. False accusations regarding sexual misconduct will not be tolerated, and any person knowingly making a false accusation will likewise be subject to disciplinary action, up to and including termination. Any City employee who retaliates against an individual for reporting alleged sexual misconduct (or for testifying, assisting or participating in an investigation, proceeding or hearing related to an allegation of sexual misconduct) shall be subject to disciplinary action, up to and including termination.

B. Child Abuse.

1. Sexual abuse of a minor is a crime.
2. Any case of known or suspected child abuse must be reported immediately in accordance with applicable State, local or Federal law. In addition, any case of known or suspected child abuse must be immediately reported to the Designated Point of Contact.
3. In the event the Designated Point of Contact is the first person notified in an incident of known or suspected child abuse, the Designated Point of Contact shall immediately notify the child's parent or legal guardian, as the case may be, and the appropriate legal authorities as required by State, local or Federal law.
4. Any employee involved in a reported incident of sexual misconduct or child abuse shall, at the City's discretion, either be immediately relieved of responsibilities that involve interaction with minors or be suspended (with or without pay) pending the results of the City's investigation of the matter. ## **Social Media**

With the use of social media and other internet outlets, it is important that employees understand their responsibilities and limitations on the use of social media both on and off duty.

### A. Use of Social Media

While on duty, employees shall not access or use social networking sites, blogs or chat rooms in order to harass, discriminate, defame, intimidate, or disparage the City, any of its employees or officials or members of the public. In addition, employees are discouraged from accessing these social media sites for non-work related purposes on City computers. Employees shall not divulge any confidential information on any social media site under any circumstances. Employees who are accessing pages on these sites displaying information of a discriminatory, sexual or other inappropriate content shall be subject to disciplinary action.

### B. Off Duty

While off duty, employees are reminded to be careful of the information they disclose on the internet, including social media sites. Employees may not disclose any confidential information they become aware of through their employment even while off duty. Employees shall not claim or imply that they are speaking on behalf of the City of Bellbrook. Employees may not engage in conduct that reflects negatively on the City or impacts their ability to perform their job duties.

## **Section 6.7**

## **Technology Usage**

## City of Bellbrook Personnel Policy Manual

The City's Technology infrastructure, software, services, and any communication or information transmitted by, received by, or stored in the system is the property of the City. Users of city technology include City employees, elected officials, volunteers, contractors, including independent contractors, and vendors.

- A. The City may inspect or monitor its communication systems data and devices at any time at the City's sole discretion with or without notice. Users may not interfere with such inspection or monitoring in any way and should cooperate when requested to do so.
- B. Records Retention on Electronic Communications. Communication to and from public officials or public employees, including email and other forms of electronic communication, are subject to the Ohio Public Records Act, and in many cases may be made available to any person, including the media, upon request. Please consult the Administration office regarding questions or applications of public records laws and retention schedules to electronic communications.
  1. Authorized Use. City employees, elected officials, volunteers, contractors, including independent contractors, and vendors are authorized to use City technology systems and software to the extent necessary to perform the functions of their tasks. This authorization is a privilege and not an entitlement. The City permits reasonably limited personal use of its Technology so long it is not excessive or an abuse of Technology resources or capacity. The City acknowledges that employees may use City Technology for incidental personal use; however, employees who use City technology for private, non-work-related purposes do so at their own risk and such use may subject the employee to disciplinary action up to and including termination of employment or loss of authorization of use of City Technology. An employee's personal use that interferes with work responsibilities or that violates City policy is not permitted.
  2. Security
    - a. Users may be assigned passwords, security codes, tokens, PIN numbers, and other security mechanisms to use and access city technology. Users are responsible for safeguarding these security mechanisms and should not distribute them to any other person without proper authorization from the City. If you suspect your account or password has been compromised, report the incident to your supervisor and change your password immediately.
    - b. It is the responsibility and duty of any individual who has access to Technology to protect City data resources in whatever form, from unauthorized modification, destruction or disclosure. Data collected and stored for City purposes may be subject to State or Federal law as well as specific industry requirements for data security and protection.

- c. Removable media (memory cards, DVDs, flash drives, etc.) should not be thrown away or disposed of without first deleting all stored data or physically destroying the media beyond usability.
- d. Any employee who suspects that City data has been compromised, lost, stolen, or disclosed to unauthorized individuals must report the incident immediately to their supervisor, Department Director, and the City Manager.

## **Section 6.8**

## **Outside Employment**

- A. Under no circumstances shall an employee have other employment which conflicts with the policies, objectives, and operations of the several offices of the City. In addition, an employee shall not become obligated through employment to a second employer whose interests might be in conflict with those of the City department in which he or she works. Employees shall not work in any other position without written approval of the Department Director. Each change in outside employment shall require separate approval.
- B. Employment "conflicts," as set forth in this policy, are when a second job impairs the employee's ability to perform the duties of his or her position.
- C. Full-time employment by the City shall be considered the employee's primary occupation, taking precedence over all other occupations.
- D. "Outside" employment, or "moonlighting," shall be a concern to the City only if it adversely affects the job performance of the employee's City job. Two common employment conflicts, which may arise, are:
  - 1. Time Conflict - defined as when the working hours required of a "secondary job" directly conflict with the scheduled working hours of an employee's job with the City, or when the demands of a "secondary job" prohibit adequate rest, thereby adversely affecting the quality of the employee's job performance with the City.
  - 2. Interest Conflict - defined as when an employee engages in "outside employment" which tends to compromise his or her judgment, actions, and/or job performance with the City.
- E. Should the Department Director feel that an employee's outside employment is adversely affecting the employee's job performance, the Department Director may recommend - but may not demand - that the employee refrain from such activity. However, any conflict, policy infraction, or other specific offense which is the direct result of an employee's participation in outside employment will subject the employee to discipline or discharge, in a manner that is otherwise consistent with the policies set forth in this manual.

## **Section 6.9**

## **Smoking and Tobacco**

The City is committed to providing a healthful environment for its employees. Employees are not permitted to use or smoke any tobacco product, smokeless tobacco, vapor pens, or electronic cigarettes in any City-owned facility or vehicle. Further, each department may have additional prohibitions on smoking and tobacco use.

Smoking and tobacco use may be permitted in areas designated by the Department Director.

## **Section 6.10**

## **Building Security**

Maintaining the security of City of Bellbrook buildings is every employee's responsibility.

- A. Employees are expected to know the location of all alarms and fire extinguishers, and familiarize themselves with the proper procedure for using them, should the need arise.

- C. Report any suspicious activity or person(s) on City property to your supervisor.

## **Motor Vehicle and Equipment Safety**

The City of Bellbrook must ensure the safe operation of motor vehicles and equipment being used for City business purposes. Employees of the City must operate motor vehicles in a safe and courteous manner. In order to minimize our risk of any liability, the following procedures are required for employees and others who are expected to operate City motor vehicles or their own vehicles as part of their position requirements. This includes all employees, volunteers, and interns.

### **A. Employee Expectations**

1. The Department Director shall ensure that only competent vehicle operators use City of Bellbrook vehicles and equipment. Those expected to operate motor vehicles as part of their positions are required to possess a valid driver's license for the class of vehicle/equipment they will be operating. Anyone with an invalid license is not allowed to operate a City or personal vehicle for City business.
2. The Department must provide proper training to its equipment operators to ensure safe operation of motorized equipment. Operators must demonstrate proficiency prior to operating equipment, and the proficiency must be documented by the Department Director.
3. City-owned vehicles shall be used only for purposes relating to City business. Personal errands in the midst of City business may be permitted, if such errands are brief, within the normal travel range and not done in excess.
4. No passengers are allowed when operating City or personal vehicles for City business, except for authorized City employees, agents, or those participating in an officially sanctioned city program (example – a guest in a ride along program with a completed waiver form).
5. Employees / interns / volunteers using their personal vehicles for City business are required to keep the vehicle properly insured in accordance with Ohio law, maintain the

## City of Bellbrook Personnel Policy Manual

vehicle in safe operating condition, and remain compliant with all laws regulating safe vehicle operation. When operating any vehicle or equipment for City business, employees or agents must comply with established City policies, safety rules and all state traffic laws and regulations.

- In the event of an insurance claim, the employee's or volunteer's insurance will act as primary and the city's insurance will act as secondary for covering damage to the other parties' vehicle or property. The employee or volunteer's vehicle will not be covered by the city's insurance.
  - Because the city's insurance could be involved in a vehicle accident or claim, the city requires auto liability insurance coverage of \$100,000 per person and \$300,000 per accident to be maintained during service as an employee or volunteer for the city.
6. As part of continuing education, a driver training will be provided every three years or when deemed necessary by the City. (Specific department requirements may exceed this requirement.)
  7. Prior to the initial operation of City, personal vehicles, or equipment, the operator's supervisor must ensure that the operator is made aware of any policies and procedures relevant to the operation of city owned vehicle or equipment.
  8. When operating a vehicle that is classified as a commercial motor vehicle, the driver must perform a pre-trip inspection and record it in the vehicle inspection book as per the Federal Motor Carrier Safety Regulations.
  9. Before operating any non-commercial City or personal vehicle for City business, the driver must perform a vehicle safety check to ensure the vehicle is operating properly and safely. Inspect your assigned vehicle prior to usage. Look for visible damage and check to see that all assigned equipment is in the vehicle and in good working order. Immediately report discrepancies found in the condition of the vehicle or equipment to your supervisor.
  10. The City Administration office will conduct an annual driving records check for all employees and volunteers. The Administration office and Department Directors reserve the right to periodically check driving records throughout the year. Records will be monitored for any new driving violations and accumulated points.
  11. Use of standard seat belts, available in all vehicles, is required by the City of Bellbrook and is in accordance with Ohio Revised Code Section 4513.263.  
All passengers, or prisoners, who are being transported in any vehicle owned and/or operated by the City of Bellbrook, will use seat belts in accordance with Ohio Revised Code Section 4513.263.
  12. No one should place or receive cell phone calls or send text messages while driving a city vehicle or on city business unless using a hands-free device. The Police and Fire Departments are exempt from the use of cell phones. If you receive a cell phone call or

text message while driving, do not attempt to view or respond while driving and instead pull over and respond.

B. Accident Procedures

1. Personnel involved in motor vehicle accidents while driving a city-owned vehicle will immediately request a supervisor respond to the location if the accident occurred in the city or reasonably close to the city. The vehicle shall stay where it came to rest after the accident, if traffic conditions permit. The Police Department will investigate all accidents involving city vehicles. All city vehicles will contain Miami Valley Risk Management Association (MVRMA) identification information for exchange purposes.
2. Investigative procedure / disciplinary action

Employee Responsibilities: Following the accident, the driver shall submit a memorandum to their immediate supervisor detailing the circumstances regarding the accident.

Supervisor's Responsibilities: Supervisors or the senior shift employee shall proceed to the scene of the accident and conduct an investigation with the aid of the investigating officer. The vehicle shall be examined and determined whether the vehicle is drivable and/or operational. Vehicles that are inoperable should be towed to a city storage location by a contracted towing company.

Supervisors shall submit a memo through the chain of command, addressing the following issues:

- Analysis and evaluation of the accident.
- Recommendations, considering the primary objective of identifying the accident prone or careless driver.
- The recommendation will identify the accident as preventable or non-preventable. A preventable accident is one in which the driver failed to do everything reasonably possible to avoid the accident. In those accidents that are identified as preventable, the operator will be considered for punitive action and the supervisor's recommendation shall be included.

Department Director: The Department Director will review the accident report and attached memos. Upon analysis of the information and evidence, a recommendation will be made and forwarded to the City Manager. All motor vehicle accidents will be presented at the next quarterly Safety Committee meeting

C. Driving Citations

1. All employees who are required to drive as part of their job duties must immediately upon return to work report to their supervisor any conviction that results in the suspension, restriction, cancellation, disqualification or revocation of the employee's driving privilege and/or any citation for being under the influence of alcohol or a

controlled substance or refusal to take an alcohol test. Additionally, all employees who are required to drive as part of their job duties must immediately upon return to work report to their supervisor any conviction that results in the accumulation of six points or more on their driver's license. Failure to report convictions or citations shall be treated as a severe breach of this policy and will result in disciplinary action.

2. When an employee accumulates six points or more on their license, and driving is an essential function of the position, one of the following actions will occur.
  - a. Demotion to a lower level non-driving position, until points are removed from his/her license. (Through completion of a BMV driving course, or the applicable amount of time.)
  - b. The Department Director will review each of the employee's traffic violations leading to the accumulation of points. The Director will look for a pattern of driving errors. If a pattern exists, the employee may be required to immediately attend a specific remedial driving course, in an attempt to correct the employee's driving behavior.
  - c. The employee may be closely monitored by his / her supervisor when operating any City vehicle, including the supervisor riding with the employee as part of a documented effort to correct driving errors.
3. When an employee loses his/her license, and driving is an essential function of the position, one of the following actions will occur. (All require the recommendation of the Department Director to the City Manager based on the criteria listed in #4 below).
  - a. Demotion to a lower level non-driving position if a vacancy exists and the employee is qualified to fill the position.
  - b. Unpaid leave of absence for up to one year. The employee's name will be placed on a reemployment list upon expiration of the leave if the required driver's license has been reinstated.
  - c. Termination.
4. Criteria to be considered by the Department Director in determining whether to recommend demotion or leave of absence include, but are not limited to:
  - a. Whether employee voluntarily notified supervisor of license loss.
  - b. Employee's driving record (frequency and severity of offenses).
  - c. Employee's work record (performance evaluation, longevity, discipline history).
  - d. Staffing considerations and operational needs.
  - e. Length of time the license will be lost.
  - f. Employee's attitude toward the situation.
5. Employees may be required to complete other remedial actions prior to returning to their original position, as determined by the Department Director.

- B. Review past accidents involving employee safety and make recommendations for future prevention.
- C. Discuss and provide feedback on the safety programs in the committee member's respective departments.
- D. Meet quarterly and record all meetings with a summary of what was discussed.

## **Section 6.13** **Alcohol and Drug Use**

The purpose of this Policy is to promote productivity and the safety of employees and the public by discouraging employees from working while under the influence of alcohol or drugs. This is especially important for police, fire and other employees who use weapons, operate equipment, drive vehicles, work in hazardous situations or make critical judgments. All employees must seek at all times to maintain the public's confidence and respect for themselves as employees, and for the City of Bellbrook as an organization.

Alcoholism and chemical dependence are treatable diseases. By encouraging treatment for individual employees, the City hopes to reduce absenteeism, inefficiency, accidents, and health care costs.

Employees shall be held accountable for any violations of this Policy, to the extent that disciplinary action may be taken against the employee, up to and including dismissal. Ultimately the responsibility for complying with the provisions of this Policy, fitness for duty, and where applicable, seeking out and participating in rehabilitation programs, rests with the employee.

### **A. Use of Alcohol and Drugs**

1. The use or possession of illegal drugs, medical marijuana, or other controlled substances, except medication prescribed for the employee by a licensed physician

## City of Bellbrook Personnel Policy Manual

(excluding medical marijuana), and the unlawful manufacture, distribution and dispensing of such controlled substances by any employee is unacceptable behavior. Such behavior is cause for disciplinary action, up to and including dismissal. Discipline shall be on a case-by-case basis and consistent with applicable laws. Among those factors to be evaluated in determining discipline are: if the employee either used or was under the influence of the drug or substance while on duty; if the employee's performance or attendance has reflected such use; the nature of employee's job; the level of public trust and/or responsibility for public safety held by the employee; and the employee's past record of performance and behavior.

2. When an employee is taking prescribed medication, on or off the job, which has the potential to impair his/her ability to perform his/her job safely, the employee shall notify their Department Director.
3. At work, employees shall not have in their possession nor consume alcoholic beverages.
4. An employee shall not report to work, nor continue to work, under the influence of alcohol or any controlled substance (including medical marijuana) other than medication prescribed by a licensed physician.
5. Supervisors who have evidence of violations of this Policy shall initiate immediate disciplinary measures and inform the City Manager or his/her designee.

### B. Alcohol and Drug Testing

1. When the City has a "reasonable suspicion" that an employee is violating this Policy, the City may require the employee to submit promptly to an alcohol test (by breathalyzer, blood test or other method) or to a drug test (by urinalysis, blood test or other method).
2. The City Manager or his/her designee and the employee's Department Director or his/her designee shall jointly determine whether there is a basis for a "reasonable suspicion" that would warrant testing.
3. The City may require an employee who has previously violated this Policy, as a condition of continued employment, to submit to testing at any time.
4. When the City requests, the employee shall submit promptly to testing at a facility of the City's choice. Refusal to submit promptly to alcohol or drug testing shall constitute insubordination and will result in disciplinary action up to and including dismissal.
5. The collection of test samples and all testing shall be conducted by appropriate medical personnel. The test results shall be reported directly to the City Manager or his/her designee.

## City of Bellbrook Personnel Policy Manual

6. If an employee is found to be in violation of this Policy, following a positive test, the City may initiate disciplinary action, up to and including dismissal. Discipline shall be on a case-by-case basis and consistent with applicable laws.
7. Information resulting from such tests will not be divulged except to the extent necessary to protect a legitimate interest of the City or to the extent required by law.

### C. Employee Assistance

1. The City will give employees reasonable consideration and assistance in obtaining treatment for alcoholism and chemical dependence, where applicable. The City will assist employees who request help in obtaining a source for professional treatment. An employee may request assistance from his/her supervisor, Department Director or the Administration office. All full-time and part-time employees and certain volunteers are eligible to use the City's Employee Assistance Program (see the Employee Assistance Program Policy).
2. However, if conduct for which discipline is appropriate has already occurred, or if the City has begun disciplinary action against an employee who has not voluntarily sought treatment, alcoholism or chemical dependence will not be considered a valid explanation for the employee's performance problems and in no way will be given any weight by the City when contemplating the appropriate disciplinary action to be taken.
3. Employees who seek voluntary treatment for alcoholism or chemical dependency, or seek such treatment after a disciplinary action has been contemplated or begun, are reminded that such treatment provides them with an opportunity to deal with their dependency problem, however, it does not provide them with immunity against contemplated or future disciplinary actions for past, present or future violations of this Policy.
4. The City will grant sick leave for treatment of alcoholism and chemical dependence on the same basis as other illnesses. If an employee has used all available leave, the City will consider granting an unpaid leave of absence for professional treatment in accordance with this Personnel Manual. The leave of absence may be conditioned upon the receipt of reports that the employee is cooperating and making reasonable progress in the treatment program.

- **6:00 pm – Work Session – 2021 Budget – Administration and Service**
- **Ordinances**
  - **Public Hearing of Ordinance 2020-7** An Ordinance Adopting New Section 260 “Guidelines for Members of Boards, Commissions and Committees” – This ordinance establishes guidelines which are directed to be included in our ordinances by charter and were never established.
  - **Public Hearing of Ordinance 2020-8** An Ordinance Amending Section 18.20 (a) “Permitted Signs (General) – this removes the time limit in which political signs must be removed. It was found to be unconstitutional – reference: Supreme Court of Ohio. CITY OF PAINESVILLE BUILDING DEPARTMENT, Appellant, v. DWORKEN & BERNSTEIN CO., L.P.A., Appellee., Case No. 99-1769, Decided: September 06, 2000
  - **Public Hearing of Ordinance 2020-9** An Ordinance Adopting the Revised City of Bellbrook Personnel Manual – This is the annual update of the manual. Changes are outlined in an attached summary sheet. Councilman Hoke’s language changes were also incorporated.
  - **Public Hearing of Ordinance 2020-10** An Ordinance Amending Ordinance 2020-5 to Adjust the City of Bellbrook Appropriations for 2020 and Declaring an Emergency – this is primarily for the expenditure of the additional coronavirus relief funds. Emergency language is due to the time limits established to expend funds. Without the emergency language the ordinance would not take effect in time. There is also a substitution for the table of expenditures. There were no changes in total dollar amounts allocated to funds or the bottom line, however I had to separate out the money spent on personnel costs from the other expenditures.
- **Resolutions**
- **Old Business**
- **New Business**
- **Updates**
  - **North Belleview Drive** – I am happy to report that paving was completed the week of October 12 and the road is open and functional once again! A big thank you to our Service Director Ryan Pasley for his oversight and management of all of the moving parts that were involved in the construction.
  - **Greene County Municipal Grant** – The \$30,000 grant that was received from Greene County was used as a portion of our match for the North Belleview Drive project. I had

- to submit a report to them by October 30 outlining the use of the funds. It was submitted on the 15<sup>th</sup> of this month.
- **Coronavirus Relief Funds Update** – All funds must be encumbered by November 20<sup>th</sup> based on the state’s guidance. Since we needed to authorize the expenditures with the ordinance from tonight and we are also so close to the deadline, all of our committed purchases have been designated as of October 23. I am also attaching to this report a list of projects and the remaining funds are being allocated to Police and Fire wages which are authorized expenditures.
  - **Executive Session - For the purpose of reviewing negotiations with public employees (IAFF) concerning their compensation and other terms and conditions of their employment**– The first negotiation meeting with members of our Fire Department bargaining unit occurred on October 9<sup>th</sup>. Articles presented will be discussed with Council during this session.
